CURRICULUM

AISZ is an inclusive school. AISZ offers AERO Standard based learning up to high school. We offer learning support and English language support for identified students. In Grades 11 and 12, students can participate in The International Baccalaureate Diploma Program or the individualized Curricula Program (a selection of IB course and High School courses that best meets students' future goals). All graduates earn the AISZ American High School Diploma.

The full IB DP program is open to all AISZ students. Full IB Diploma students choose from six subject groups that include a range of courses with three at standard level and three at higher level. In addition, students must take the Theory of Knowledge (TOK) course, complete an Extended Essay, and fulfill Creativity, Activity and Service (CAS) commitments outside of class time.

IB Diploma students whose native language is Croatian and are planning to enrol to a Croatian public university, do not need to take the Croatian national examination ("matura") if they take the IB DP Croatian Literature course and exam.

Credit is given at the end of a school year with a grade of 3 or higher. Transferred students will have their previous transcripts verified and credit is awarded. A student may be waived certain requirements only if transferring in mid-way through high school.
